PROFESSIONAL PROFILE

A disciplined, responsible and integrity-driven university student pursuing a **Bachelor of Science in Computer Science** at Dedan Kimathi University of Technology. I possess practical leadership and people-management experience gained through serving as a **School President, Christian Union leader, student teacher and event/security volunteer**.

I have experience in student supervision, discipline management, conflict handling, crowd management, registration, event ushering, communication and organizational decision-making. I am calm under pressure, impartial, observant and committed to treating people with fairness and respect. I am particularly interested in contributing to safe, peaceful and credible environments where responsibility, accountability and integrity are essential.

CORE COMPETENCIES
